

D7710 District Grants Committee 2016-17

Rotary District 7710 District Grants Committee

The Grants Committee receives grant applications from members across District 7710 and reviews them for compliance with the goals and objectives of The Rotary Foundation. In RY 2016-2017 the committee will receive two types of grants: District Grants (DG) and Global Grants (GG).

The committee works with Rotarians to enhance their chances of earning matching funds from the foundation. In concert with The District Foundation Chair, the committee allocates District Designated Funds (DDF) in support of these projects.
