ROTARY HAS HEART

Use Rotary Has Heart to promote club project

Director Robert Hall is asking that each Rotary club designate one of its service projects in the first quarter of 2016 (or some other time if convenient) as Rotary Has Heart. This designation serves two purposes: to promote Rotary's six areas of focus and to enhance Rotary's image in your local community.

One club in each district will be recognized at the Zone level for its efforts. Each Governor (or designee) will select what he or she considers to be the best Rotary Has Heart club community service project with related publicity in his or her district. The club president will receive a painting by George Lewis "The Waterman," and 1,000 Paul Harris recognition points. The club president can use the painting and/or 1,000 recognition points to honor a Rotarian or non-Rotarian who has made a significant contribution to their local community or use for fundraising for PolioPlus.

The District Governors in each Zone with the highest percentage of participation will also receive a painting. The paintings from which the winning clubs and governor may choose are similar to those George Lewis created last year. You can view George Lewis's paintings on his web site listed, <http://georgelewis.fineartstudionline.com>.

Director Robert believes that with this single focus we will not only be a gift to the world but will also capture the attention of many people who are willing to support our causes and want to become one of us.
