

D7710 District Grants Committee 2017-18

Rotary District 7710 District Grants Committee

The Grants Committee receives grant applications from qualified Rotary Clubs across District 7710 and reviews them for compliance with the goals and objectives of The Rotary Foundation. The grants committee receives two types of grants: District Grants (DG) and Global Grants (GG).

The committee works with Rotarians to enhance their chances of earning matching funds from The Rotary Foundation (TRF) and D7710's District Designated funds (DDF). In concert with The District Foundation Chair, the committee allocates District Designated Funds (DDF) in support of these projects.
